**PRODUCT NEWS**

**ANTI-D NEGATIVE CONTROL - CE MARKED AGAIN!**

We successfully passed the certification and are now able to offer the Anti-D Negative Control with a CE-mark again!

---

**G6PDH CONTROLS – AVAILABLE AGAIN!**

We are happy to announce that we will be able to provide **G6PDH Controls** again. A set of Deficient Control, Normal Control and High Control will be available. Additionally, we are going to offer a **G6PDH Calibrator**.

---

**AUTOLYSER ISE**

Dialab Autolyser is now available with a built-in I.S.E. module for K, Na, Cl, CO<sub>2</sub>!

---

**URINE ANALYSER 500ME - CANCELED**

Due to low demand and problems with our parts supplier we have taken our Urine Analyser

500 ME out of our programme.

However, the **Urine Strips 10 ME** remain in our programme for manual determination

---

### **HEMOGLOBIN A1C ION EXCHANGE - CANCELED**

Due to sudden unavailability of production material we had to delete the Hemoglobin A1c ion exchange test (REF. 601100B, 601100, 60110V) and the corresponding HbA1c Control Set (REF. 605803, 605803V) from our clinical chemistry product range.

---

### **SOON TO COME**

We are currently in the final phase of the CE-certification of our **HIV 1&2 Ag/Ab**

**ELISA** (4<sup>th</sup> generation) test.

We will let you know as soon as there are any news!

---

### **SALES NEWS**

DIALAB will be closed on October 26th and 27th, due to our National holiday.

**Contact us or visit our website for further information!**
