

**NEWSLETTER JANUARY 2019**

## **GENERAL NEWS**

This year, we will be participating the following exhibitions:

### **MEDLAB**

Our first exhibition of the year will be MEDLAB in Dubai, taking place from February 4th until 7th, 2019.

You will find us in Za'abeel Hall 6 at booth number #D48.

Murat Estelik, Christina Schneider and Mario Estelik will be welcoming you at our booth.

### **AACC**

This year's AACC will be taking place in Anaheim, California from August 4th until 8th, 2019. We will be definitely attending this exhibition and looking forward to see you there.

Further information will be announced later this year.

# AACC

*Better health through  
laboratory medicine.*

### **MEDICA**

From November 18th until 21st, 2019 we are welcoming you at this year's Medica in Düsseldorf, Germany.

Further information will be announced later this year.

## **PRODUCT NEWS**

### **DIAQUICK HIV PLUS / HCV PLUS - NOW CE MARKED**

We successfully passed the certification audit for our DIAQUICK HIV Plus and DIAQUICK HCV Plus Rapid tests, which will be available soon.

Please note that there are going to be a serum/plasma version as well as a whole blood/serum/plasma version for both of the tests.

## **ETHANOL CALIBRATOR/CONTROL SET - 12 MONTHS SHELF LIFE**

Despite of successful stability studies demonstrating a 15 months shelf life of the Ethanol Calibrator/Control Set, these calibrators and controls are released with an assigned expiry date of only 12 months from date of manufacturing, in order to grant full stability under general handling.

---

## **ERBA SYSTEM PACKS**

Erba System Packs for clinical chemistry and immunoturbidimetric tests are now available. Bottles fit for Erba XL analysers.

---

## **PRODUCT CANCELLATIONS**

### **BECKMAN SYSTEM PACKS**

Due to low demand, our system packs for Beckman Synchron CX / LX / DxC series are no longer available.

---

### **DIACHECK HB**

Due to a low demand of this product as well as increased regulatory requirements we are sorry to announce that the **DiaCheck Hb Hemoglobin Testing System** is no longer part of our product range.
