

# NEWSLETTER APRIL 2019

## GENERAL NEWS

### ISO 13485:2016

We are happy to announce that we successfully passed our audit for the upgrade to **ISO 13485:2016**.

Please have a [look at our homepage](#) for the new ISO certificate.

---

The following fairs are upcoming soon:

### CMEF

We are glad to participate at this year's [CMEF](#), taking place May 14<sup>th</sup> until 17<sup>th</sup>, 2019 in Shanghai.

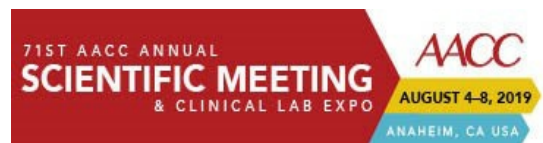

You can find us at booth # 3D24 and we are very much looking forward to seeing you in Shanghai this year!

### AACC

This year's [AACC](#) will be taking place in Anaheim, California from August 4<sup>th</sup> until 8<sup>th</sup>, 2019.

You can find us at booth #982, see you there soon!

### ÖQUASTA Award for DIALAB Urine Strips

DIALAB is participating with Urine Strips at the quality control program of Urine test strips "Rundversuch Harnstreifen 2018" at [ÖQUASTA](#) (Austrian Association for Quality Assurance and standardization of medical-diagnostic tests) and was awarded 2018 with the ÖQUASTA quality label. This was achieved since all results of samples of ÖQUASTA evaluated with DIALAB Urine Strip 10C were regarded as correct.

## PRODUCT NEWS

### ERBA SYSTEM PACKS

Erba System Packs for clinical chemistry and immunoturbidimetric tests are now available. Bottles fit for Erba XL analysers.

---

### MYOGLOBIN

Our Myoglobin test is a latex particle-enhanced immunoturbidimetric assay. The 2-reagent Myoglobin test is available from now on!

---

### DIACHECK COAGULOMETERS

There is a new generation of our semiautomatic coagulometers, the DIACheck series available.

Please check our website for further information!

### HIV AND HCV RAPID TESTS

We finally received our batch release for the CE marked rapid tests:

DIAQUICK HIV Plus

DIAQUICK HCV Plus

DIAQUICK HIV Plus WB

DIAQUICK HCV Plus WB

are **NOW** available for sales!

## SOON TO COME

### NEW AUTOLYSER 360

DIALAB is currently working on a new Autolyser with higher performance than Autolyser, but smaller than Autolyser 450. Further information will be coming soon!

---

### NEW KAPPA AND LAMBDA FREE LIGHT CHAIN

We will extend our product range with 2 new tests based on latex particle-enhanced immunoturbidimetry. Kappa Free Light Chain and Lambda Free Light Chain will be available soon!

---

### G6PD

Due to a low demand, the G6PD Deficiency Screen will be cancelled from our clinical chemistry product range. As an alternative, a G6PD Rapid test will be available soon.

---

## **URINE STRIPS**

### **New Urine Strips: Urine Strip 2A and 5:**

DIALAB introduces 2 new variants of urine strips that will be readable with DIALAB [Urine Strip Analyser 500](#) and [Urine Strip Reader 40](#) with the following parameters:

Urine Strip 2A (REF: G04002A): GLU and PRO

Urine Strip 5 (REF: G04005): BLO, pH, PRO, KET, GLU
